

bio

Gian Piero Giovannini studia presso la Facoltà di Architettura di Ferrara. L'anno trascorso alla Royal Danish Academy of Fine Arts a Copenaghen e altri avvenimenti lo portano ad innamorarsi del design. Forte sostenitore del DIY [Do It Yourself], si dedica all'autoproduzione e non solo. Selezionato in alcuni concorsi e partecipato ad alcune mostre, nasce urge design. Gira in bici, vola in deltaplano e forse è pure designer.

Gian Piero Giovannini studies architecture in Ferrara. The year at The Royal Danish Academy of Fine Arts in Copenhagen and many other matters made him fall in love with design. He's a DIY [Do It Yourself] great supporter, a skilled self-producer and not only. He has been selected in some design contests, he has joined some exhibitions and then urge design was born. He's a fixed gear bicycle rider, a hang glider pilot and probably he's also a designer.
